Mt. Angel School District Statement of Beliefs on Athletics

In accordance with Board Policy IGDJ, Interscholastic Athletics, the Mt. Angel School District Board of Directors believes that participation in interscholastic athletics offers individual students opportunities to grow physically, intellectually and socially through their participation in team and individual sports.

As a member of the Oregon School Activities Association (OSAA), the District fully endorses the adherence to the OSAA Sportsmanship Statement, which states:

Interscholastic activities are an integral part of the educational curriculum and experience. High school activities promote the character development of participants, enhance the educational mission and promote civility in society. Therefore, student-athletes, coaches, spectators and all others associated with high school activities, programs and events should adhere to the fundamental values of respect, fairness, honesty and responsibility. These values should be established as a priority among all OSAA member high schools.

It is the responsibility of each member high school to establish policies for sportsmanship and ethical conduct consistent with the educational mission and goals of that school and to continually educate students, coaches, teachers, parents and all involved about those policies.

The health and welfare of each student-athlete is a primary consideration in conducting an athletic program. Athletic contests are to be the culmination of ethical and educationally sound instruction methods employed by coaches and demonstrated by athletes. It is the expectation of the school district that each coach shall adhere to board policies and regulations, OSAA rules and regulations, and the above sportsmanship statement.

Coaches Code of Ethics

It is the duty of each coach representing Kennedy High School athletics to:

- Exhibit sound, adult conduct and judgment as a role model for athletes
- Emphasize the proper ideals of sportsmanship, ethical conduct and fair play
- Eliminate all possibilities which tend to destroy the best values of the sport
- Stress the values derived from competing fairly
- Show cordial courtesy to visitors and officials
- Understand and accept the rules of the sport and standards of eligibility
- Encourage leadership, initiative and good judgment by athletes
- Recognize the purpose of athletics is to promote the physical, mental, moral, social and emotional well-being of the individual student-athlete
- Understand the value of effective communication with student-athletes and parents

BUDGETING PROCEDURES

The athletic program at Kennedy High School is financed through allocations approved by the district budget committee and adopted by the school board. It shall be the responsibility of each coach to operate within the budget limits set forth in the adopted budget. The athletic director and building principal will provide each coach an allocation in which to budget supplies and equipment. Each head coach will meet with the athletic director to finalize budget requests for the following year.

Board Policy DB

COMMUNICATION

Communication is essential for the success of any program. Coaches are expected to schedule a meeting with parents and athletes at the beginning of each season. This will give the coach the opportunity to clearly communicate his/her expectations and procedures. It also will allow athletes and parents to ask questions to ensure they fully understand the program and what's expected. Miscommunication or lack of communication usually leads to issues and complaints.

Board Policy KB

COMPLAINTS

The district recognizes that complaints regarding a coach's performance, discipline and athlete's progress may be made by athletes and parents from time to time. Every effort will be made to ensure that such complaints are handled and resolved informally and as close to their origin as possible. Athletes, parents and others with complaints will be encouraged to discuss the complaint directly with the coach. All such meetings should be held in confidence and not in the presence of others.

If the complaint is not formally resolved, the coach should advise the complainant that he/she may submit the matter directly to the athletic director, building principal or immediate supervisor, as appropriate. The complainant will be provided with the necessary formal complaint procedure guidelines in accordance with Board policy.

When a complaint is made directly to the Board as a whole or to an individual Board member, it will be referred to the superintendent for appropriate building administrator follow-up.
