	Parent/Community Member	
Dale Schaecher	Parent	x
Bruce McDonald	Certified Staff Member	
Jake Copley	Certified Staff Member	x
Noe Jines	Student (ASB President)	x
Emily Frey	Student	x
Sean Aker	Administrator	x

AGENDA	ACTIONS
Meeting norms	Arrive on time; Think Whole school and avoid singling out students or staff; Robert's Rules of Order; Both Advisory and Decision Making body; Stay focused on the agenda; Not Required to speak-up
1. Call to order (Chair)	1.1 Roll-call
2. Old Business	2.0 Approval of minutes 2.1 Accreditation - sean presented a slide show of the major points from the Accreditation Review and talked about what it takes to get the Accreditation. The lowest score the school received was for the Teaching and Learning Impact, and we need improvement in this Standard. Advanced Ed looks at the lowest scored Standards and makes one or two recommendations for goals or improvement however we were given four. In two years Advanced Ed will check to see where the school is at. Jake mentioned the Accreditation team noted "we facilitate a family environment". The four standards JFK need to improve are 1.1, 1.2, 1.3, and 3.9. <i>Standard 1.1 (The school engages in a systematic, inclusive and comprehensive process to review, revise and communicate a school purpose for student success)</i> will not be a high priority because we are already working on it. The District is finalizing the Vision Statement and JFK will be able to complete its Mission Statement. <i>Standard 1.2 (The school</i>

	<p><i>leadership and staff commit to a culture that is based on shared values and beliefs about teaching and learning and supports challenging, equitable educational programs and learning experiences for all students that include achievement of learning, thinking and life skills.)</i> JFK already has an AVID program and is taking that program school wide for all students. Teachers are using the same strategies such as note taking, collaboration, written work and review. Sean mentioned lecturing is becoming a thing of the past.</p> <p><i>Standard 1.3 (The school’s leadership implements a continuous improvement process that provides clear direction for improving conditions that support student learning.)</i> JFK has this in the works but not all staff are looking at the data to make decisions and that needs to be changed. <i>Standard 3.9 /4.6 (3.9 the school has a formal structure whereby each student is well known by at least one adult advocate in the school who supports that student’s educational experience. 4.6 The school provides support services to meet the physical, social and emotional needs of the student population being served.)</i> JFK is making progress already. We currently have implemented an Advisory class for all students, meeting one time per week for now with the option if needed for a second day each week. Students are setting goals in Advisory and filling out weekly planners based on a set of goals. Goals are based off of MAPS data and students use that information to set “Smart Goals”. JFK should be able to make goals once we know what data to look at. The Accreditation Team recommended we have a 5 Year Accreditation. We will know the status of this in June.</p> <p>2.2 School improvement plan (SIP) updates - The School Improvement Plan can use data that tells where students are at on an annual basis. We can also measure the percent of attendance and participation in clubs and extracurricular activities. AP courses, College Credit Now and Willamette Promise data can also be used for the SIP</p> <p>2.3 Other - Sean talked about the Academic Assembly the school held. Attendance, GPA’s and Academic Letters were recognized. If anyone has questions about School Data, School Climate, or Student Data please let Sean know.</p>
3. New business	3.1 Professional development requests - None at this time. Sean wants the Site council to look at the School Improvement Plan, once completed, and have teachers focus on the SIP to get reimbursement for PD.
5. Next meeting	3/6, 4/3, 5/1, 6/5
Adjournment	7:50
